

DO MORE THAN Hug a Tree

What: Inventory existing trees on campus.
Add them to statewide tree database.

When: 2 hours per week, Wednesday
mornings and/or another day/time

Where: KCC campus

Why:

- Learn how trees benefit our community and environment
- Learn to identify tree species
- Learn to take measurements of a tree, including stem diameter, crown spread, and height
- Learn to advocate for trees to support city, state, national and global sustainability goals

Who: Service-Learners, Students, Staff,
Faculty, Community Members
